NC Industrial Commission Amends Filing and Contact Information Requirements

Effective December 1, 2018, Industrial Commission Rules have been amended to provide the following:

1. Medical motions and Form 19s (including lung disease and non-insured claims) are no longer exempt from the Industrial Commission EDFP filing requirement, and can therefore no longer be filed via e-mail.
2. All insurance carriers, third-party administrators and uninsured employers, each of whom are required to maintain with the Commission a designated primary contact person, must now provide this information to the Industrial Commission on an annual basis on July 1 via email to rule302@ic.nc.gov. The requirement to provide any updates or changes to this information within 30 days remains unchanged.

If you have questions regarding this information, please contact one of MGC's North Carolina workers' compensation [attorneys](#).
